Report of BOARD of EDUCATION

TO THE CITIZENS OF NEW LONDON:—

Your School Board submits the following report:

Four of our schools have been in session thirty weeks during the year. In the winter term the school at Pleasant street closed one week earlier on account of illness among the pupils. In the spring a school was opened at the West with Miss Julia Todd as teacher.

Miss Merta Underhill was hired for the fall and winter terms at Pleasant street, and Miss Nellie Shanahan, a normal graduate and experienced teacher, was obtained for the school at Elkins. The work of both of these teachers was satisfactory. In the rest of the schools the old teachers were retained throughout the year.

At the close of the spring term the Board asked President Horace McKean to be present at the examinations of the several schools, and eleven of the pupils were accepted by him to enter the Academy.

The writing books have been changed to the Medial slant, which is used in the Academy.

Nichol's arithmetics have taken the place of Milne's. We believe they tend to develop the reason and make pupils more independent.

The following repairs have been made, part of the work being begun last year: A chimney built and floor

laid at Elkins; the school room at Burpee Hill papered and painted, roof shingled at Pleasant street, a new step at Colby Hill, some plastering at Low Plain, and a new flag at the West.

The school enumerator, John K. Law, reports 89 school children, 47 boys and 42 girls.

In closing the Board wish to say, we have tried to do our best. Not as many visits have been made as we wished, but the reasons preventing were unavoidable.

At the close of the spring term Mrs. Lennie J. Messer resigned, and John D. Pingree was appointed to take her place.

We hope the town will think seriously and favorably of the article in the warrant about a superintendent of schools.

If two or three or more towns could unite, making a district to have a superintendent who could afford to put his whole time on the schools, we believe much better work could be done.

In most cases we and our teachers have received hearty support from the parents. To others we would like to say, it is rather perplexing to know just how to please everyone. Some parents refuse to send their pupils a few rods farther to a larger school without being paid more than the regular price, while others refuse to send theirs to a small school, thus making it impossible to keep this school open to suit the first party.

Respectfully,

MRS. LORA E. LOVERIN
JOHN D. PINGREE
MRS. GUSTIE T. MESSER

Fire Insurance AND PIANOS

New London, N. H.

Do you know what companies you
are insured in?

In case of fire your policies
are equivalent to a check on
a bank. Better look your
policies over and satisfy
yourself that you have the
strongest companies
o b t a i n a b l e .

Your property represents money, and
your mercantile credit is based on what you
own. In ten minutes fire will wipe out the
savings of years. Then look to your fire
insurance policies.

Had you not better make sure NOW that
you have a strong company?
